

Integrating Technology with SIWI

Heather R Lawson

SIWI Workshop

July 2010

What technology do you use?

A. Interactive Whiteboard

- Promethean Activboard
- SMART Board
- StarBoard
- Other

B. LED Projector on plain white board

C. LED Projector on wall or screen

D. Overhead Projector

A. PC

B. Mac

Two separate surfaces

- Two boards
- Projected image & board
- Two projected images

One split surface

- Notepad & Paint
- Two Word documents
- Interactive Whiteboard Software
 - SMART Notebook
 - Easiteach

Methods of setup

Notepad & Paint

The screenshot displays a Windows XP desktop environment. Two application windows are open: 'Untitled - Notepad' and 'untitled - Paint'. The Notepad window contains a short story about a camping trip. The Paint window is a collage of images related to camping, including a tent, a campfire, a squirrel, butterflies, a bear, and a turkey. The taskbar at the bottom shows the Start button, several icons, and the system tray with the time 4:18 PM.

Untitled - Notepad

English

Last weekend my family and I went camping. We slept in tents. We went for a hike in the woods. We saw butterflies, squirrels, and even turkeys! We did not see a bear! When we got back to our camp at night, we had a campfire and ate smores! Yum!

SMART Notebook

The screenshot displays the SMART Notebook application window. The title bar reads "Untitled * - SMART Notebook". The menu bar includes "File", "Edit", "View", "Insert", "Format", "Draw", and "Help". The toolbar contains various drawing and editing tools. On the left, a "Groups" panel shows "Group 1" with two pages: "1" (Jun 5-5:18 PM) and "2" (Jun 5-5:20 PM). The main workspace is split into two panels. The left panel, titled "English", contains the following text: "Last weekend my family and I went camping. We slept in tents. We went for a hike in the woods. We saw butterflies, squirrels, and even turkeys! We did not see a bear! When we got back to our camp at night, we had a campfire and ate s'mores! Yum!". The right panel, titled "ASL", contains several images: a tent, a group of people hiking, a campfire, butterflies, a squirrel, a bear, and a turkey. Each image is connected to the text in the English panel by lines. At the bottom of each panel, there is a blue "Extend Page" link. The Windows taskbar at the bottom shows the "start" button and several open applications: "SIWI Conference (No...", "Untitled * - SMART N...", "ASL - Microsoft Word", "English - Microsoft Word", and "Microsoft PowerPoint ...". The system clock shows "5:25 PM".

Easiteach

SIWI with Technology

- Images from clip art, digital photos, internet
- Formatting and rearranging text
- Save, print, & share

- Additional features
 - Speaking/reading features
 - Interactive response devices

Easiteach Features

- Split Screen w/independent scrolling
- Handwriting recognition
- Big Edit
- Speak paragraph w/adjustable speed

Interactive Response Devices

- Voting for Big Edit option
- Suggestions for dead words

Other Technology?

- Word
- Paint & Notepad
- PC vs. Mac

QUESTIONS?

Comments & Copies

1. Will you use this information in your classroom?
 2. Was this presentation what you expected?
 3. Any other comments...
